

Resinova Bostads AB ESG Policy

Resinova is a longstanding and responsible real estate owner. For us, sustainability is built upon the fact that sustainable development is achieved through environmental, social and organizational responsibility towards customers, employees, partners and society at large.

Resinova's ESG work takes into consideration current and future generations when carrying out our responsibilities. We take a long-term approach in our accountability and strive to make a positive impact within the communities that we operate. Resinova is determined to contribute to a sustainable society by conducting its activities in an environmentally, socially and organizationally sustainable manner, which is well in line with Resinova's selected goals from the UN's global goals for sustainable development which Resinova has chosen to particularly focus. Resinova supports the UN's global goals for sustainable development and pledges to specifically focus on and implement goals 11 and 12 into its daily operations.

ENVIRONMENTAL SUSTAINABILITY WITHIN RESINOVA

Environmental sustainability means that business is conducted in such a way that the earth and its natural resources are not adversely affected over time. Resinova's environmental impact is driven by its real estate portfolio. We are, therefore, committed to reducing the environmental impact of our portfolio. This commitment includes managing our use of resources and imposing strict requirements on product and material choices and consumption.

SOCIAL RESPONSIBILITY WITHIN RESINOVA

Resinova will promote a society that values human rights and equality. Resinova's operations shall be conducted in a responsible manner with respect to the health and well-being of those affected by the Company's activities.

ORGANISATIONAL SUSTAINABILITY WITHIN RESINOVA

Resinova's basic requirement is to ensure that the Company's activities as a minimum fall within the framework of relevant legislation and other legally binding requirements. We respect and comply with environmental legislation, safety requirements and other regulations relating to our operations. Resinova regards compliance as a minimum level of our business standards.

Resinova regularly follows up and systematically reports its ESG activities to its stakeholders.
